

Welcome to the AstraZeneca Access 360™ Portal

The AstraZeneca Access 360 Portal allows health care providers to manage AstraZeneca medications for patients online.

The portal:

- Makes it easy for you to enroll and track patient status from one location
- Contains advanced features such as customizable alerts and multiple location access
- Allows you to submit requests and prior authorizations online
- Offers training from our Field Reimbursement Managers

Visit the Access 360 Portal at: www.MyAccess360Portal.com

Quick Reference Guide

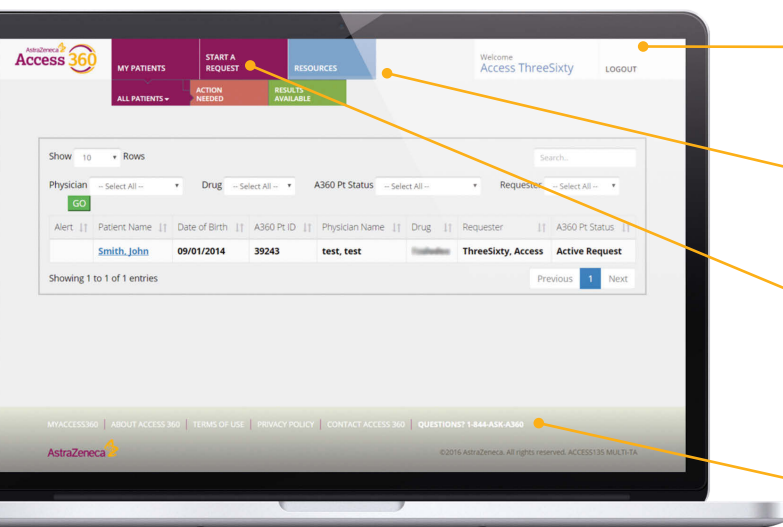

Below is a description of some of the features of the AstraZeneca Access 360 Portal and how to use it.

Getting Started

1 Go to the AstraZeneca Access 360 Portal at www.MyAccess360Portal.com

- If you're a new user, create an account
- If you're an existing user, log in with your email and password

2 Your Access 360 Portal—menus and functions

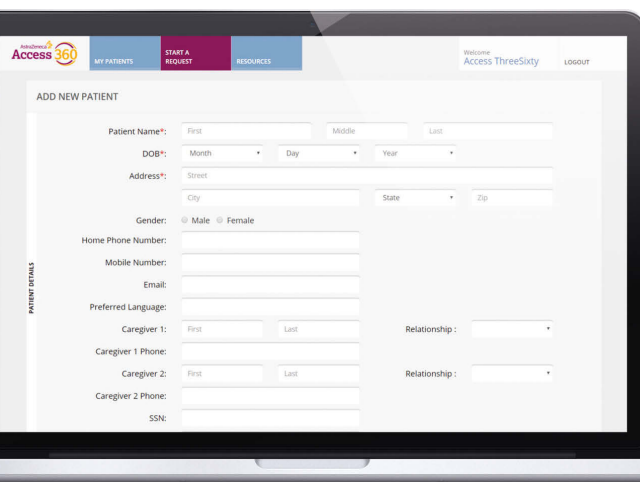

Utility navigation menu — account

Top navigation menu — key functions

Submission menu — prepare a submission

Bottom menus — quick links

Submit a support request for new and existing patients

- For new patients, create a new patient profile and select the medicine
- Provide the pre-defined prescriber location and treating location
- Choose the desired Access 360 support service(s)
- Complete the request form and submit

3 Need assistance navigating within the portal?

Access an overview of all your patients on the landing page

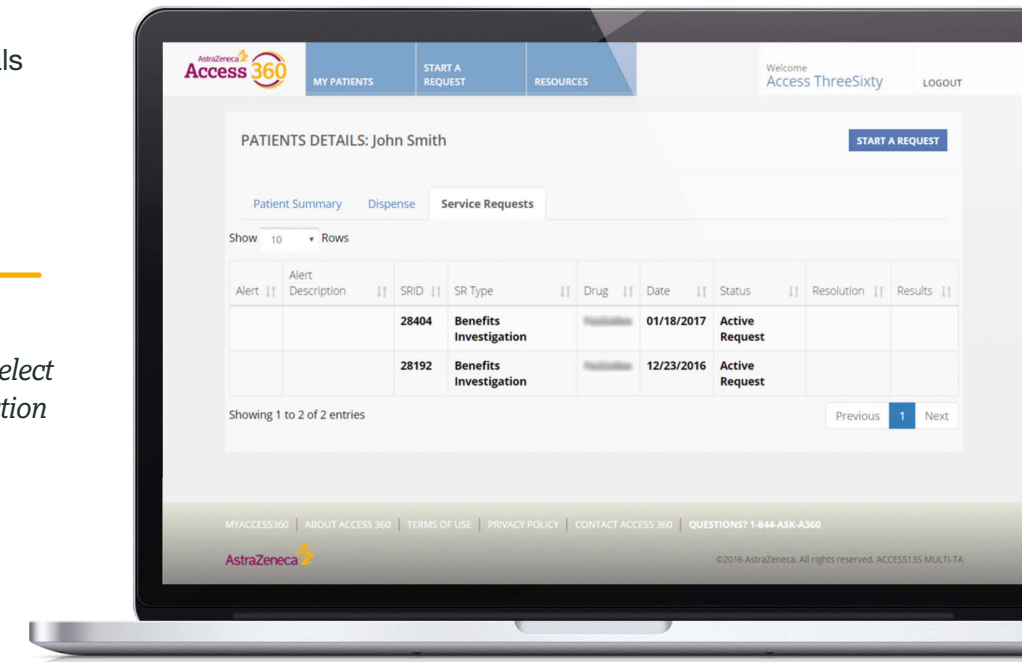

Your dashboard provides a number of features and functions as well as electronic access to all of your important information such as:

1. Messages regarding your referrals
2. Patient log
3. Patient and submission reports

To access patient information, you can select a name from a list or use the search function to find patients and their case histories.

Patient details include:

1. Patient Summary – patient demographics and insurance information
2. Dispense – patient's shipment information
3. Service Requests – all requests and results

Select from a range of support request types

Affordability Support – assists you in identifying financial options for your patients

Benefits Investigation – identifies your patient's coverage, out-of-pocket costs, prior authorization requirements, and pharmacy options

Submit a prescription to a specialty pharmacy – helps with identifying your patient's pharmacy options and with forwarding a prescription to the pharmacy affiliated with the patient's plan or a pharmacy of your choice

Submit a Prior Authorization – electronically submit a prior authorization request directly to the patient's insurance for review

Appeal Support – helps you review a denial, understand insurance appeal requirements, and follow up on an already-submitted appeal

What you need to register your practice

You will need the following information to register your practice on the Access 360 Portal:

1. User information including email addresses
2. Practice location
3. Prescriber licensing
 - a. Prescriber National Provider Identifier (NPI)
 - b. State license number

Call Access 360 at 844-275-2360 to learn more about the Access 360 Portal. Please visit the portal at www.MyAccess360Portal.com.
