

Overview of Key Steps

AstraZeneca Access 360[™] offers support from enrollment to reimbursement to help your patients get started on both office-administered and self-administered FASENRA

5 key steps to accessing FASENRA® (benralizumab)

1. Prescription/enrollment

Healthcare professional (HCP):

- Prescribes FASENRA
- Helps obtain patient authorization
- Helps enroll patient in Access 360

2. Benefits investigation

Access 360:

- Conducts benefits investigation and completes prior authorization (PA) research
- Researches your patient's pharmacy and medical benefit
- Submits prescription to Specialty Pharmacy Provider (SPP), if requested

3. Prior authorization

HCP:

- Submits PA to pharmacy and/or major medical benefit

Access 360:

- Tracks status of submitted PA, if requested
- Communicates approval
- Assists with appeals support if PA is denied

4. Authorization/delivery

Office-Administered

If HCP utilizes SPP:

- SPP contacts patient to discuss co-pay (if applicable)
- SPP authorizes payment and schedules delivery
- SPP delivers FASENRA to administering facility

If HCP utilizes Buy & Bill:

- HCP orders FASENRA through approved Specialty Distributor

Self-Administered

SPP:

- SPP contacts patient to discuss co-pay (if applicable)
- SPP authorizes payment and schedules delivery
- SPP delivers FASENRA to patient's home

5. Administration/reimbursement

Office-Administered

If HCP utilizes SPP:

- HCP administers FASENRA
- HCP submits claim*
- Access 360 assists with appeal support if claim is denied or underpaid
- HCP/SPP manages refill

If HCP utilizes Buy & Bill:

- HCP administers FASENRA
- HCP submits claim*
- Access 360 assists with appeal support if claim is denied or underpaid
- HCP orders refill through approved Specialty Distributor

Self-Administered

SPP:

- Patient self-injects FASENRA
- SPP submits claim*
- Patients can request Reimbursement forms by contacting Access 360 at 1-833-360-HELP (1-833-360-4357)
- Access 360 assists with appeal support if claim is denied or underpaid
- Patient/SPP manages refill
