Helping Patients Access the Care They Need

For Eligible Commercially Insured Patients

LYNPARZA Patient Savings Program

The goal of the LYNPARZA® (olaparib) Patient Savings Program is to assist eligible patients with their out-of-pocket cost for LYNPARZA.

Most eligible patients will pay \$0 per month and may have access to up to \$26,000 per year to assist with LYNPARZA out-of-pocket costs. There are no income requirements to participate in the program.

Talk to your doctor or pharmacist, who can help you enroll in the program and file claims on your behalf.

For additional information, please visit www.astrazenecaspecialtysavings.com or call Access 360 at **1-844-ASK-A360 (1-844-275-2360)**.

Eligibility Requirements

- Must be a resident of the United States or Puerto Rico
- Patients must have commercial health insurance that covers medication costs for LYNPARZA, but not the full cost to the patient

Patients are ineligible if prescriptions are paid by any state or other federally funded programs, including, but not limited to, Medicare Part B, Medicare Part D, Medicaid, Medigap, VA or TRICARE, or where prohibited by law. Eligibility rules apply. Additional restrictions may apply.

The LYNPARZA Patient Savings Program covers the cost of the drug only and does not cover costs for office visits or any other associated costs.

Offer is invalid for claims and transactions more than 120 days from the date of service.

For Patients Requiring Additional Assistance

Other Resources

AstraZeneca Access 360™ can provide information about independent foundations that may be able to assist with out-of-pocket costs.

- Access 360 does not guarantee support by independent foundations. Each foundation sets their own eligibility requirements and support determinations
- Talk to your doctor, who can help you apply for foundation support
- For more information, please call Access 360 or visit <https://www.astrazeneca-us.com/medicines/Affordability.html> for a list of foundations

If you can't afford your medication,
AstraZeneca may be able to help.
